

Meet the Teacher

Mr. Simon

$$V = \pi r^2 h$$

Greetings!

I will be your 3rd Grade Teacher this year. I am looking forward to a successful year of growth and new experiences with my students.

Experience: I have taught in public and private bilingual schools in three different countries for over 20 years. This will be my third official year teaching at P.S. 220. I am proud to give back to the community in which I spent my childhood.

Education: After studying in Moscow State University, Oxford University in the U.K., and the State University of New York at Purchase and Albany, I earned my Bachelor's degree in Philosophy and Russian Literature. I completed my Masters in Education at Queens College.
